**RE: Expiration Date Extension for iHealth At Home COVID-19 Test Kits**  
**DATE: June 7, 2022**

**News Release: Expiration Date Extension for iHealth At Home COVID-19 Test Kits**

The iHealth COVID-19 at-home test kit expiration dates have been extended.

As of March 29, the shelf life of iHealth tests with expiration dates on or before September 29, 2022, are extended for three (3) months. Please go to [ihealthlabs.com/pages/news#expiration](https://ihealthlabs.com/pages/news#expiration) for details or to look up new expiration dates by lot numbers.

The Allegany County Department of Health has distributed the iHealth test kits throughout the County to Town Halls, Libraries, Schools, and more. **If you or your family members have these test kits, please do not discard them before you have checked the lot number.**

For example, if the expiration date printed on your box says 2022-07-21 (YYYY-MM-DD), the updated expiration date is 2022-10-20 (YYYY-MM-DD). If any further extensions to shelf life are granted, the Allegany County Department of Health will update the public as soon as possible.
